Give Food a Chance is an invaluable resource that will give parents and professionals everywhere the information, encouragement, and support they need to deal with this often misunderstood disorder.

Give Food a Chance: A New View on Childhood Eating ...

Give Food a Chance - now is a second, revised edition - is a clinical guide to the treatment of eating disorders in children. Compiled from more than a decade of clinical experience treating eating disorders in children, Dr. O'Toole and her multidisciplinary team at Kartini Clinic's family-based Day Treatment program take a critical look at past and current eating disorder treatment philosophies, rejecting discredited theories that claim such disorders are caused by poor parenting, issues of ...

Give Food a Chance: A New View on Childhood Eating ...

Give food a chance arises from the clinical experience of Dr Julie O'Toole, MD, MPH over more than a decade of treatment for eating disorders in children and young adults. Dr O'Toole rejects former theories that claim such disorders are caused by poor parenting, issues of control, rejection of adulthood, or society's oppression of women.
