at the stars will see me among them, and I must be able to wave at least one hand to that person." "What you need," Melchor Antevadez replied with a smile, "is a balloon. Or someone else to love."

L'Aquilone du Estrellas (The Kite of Stars) - Strange Horizons

A star kite is something interesting and

Online Library The Kite Of Stars And Other Stories Bookpaper Dean Francis Alfar

different, in comparison to the most common single-surface retail kites you might see flying down at the beach or at a festival. I was surprised to find how various cultures around the world have produced such a variety of approaches to this type of kite.

What is that kite-shaped group of stars in the sky ...

The primary stars of the main cluster form a diamond-shaped outline with a trail of similar stars extending off one of the four corners. To my eye this appears strikingly like a flying kite with tail.

Others have seen a heart-shaped balloon. Walter Scott Houston
